New to Orienteering?

An Orienteering competition is a race that does not follow a set route. Instead you have to visit a series of control points and register each one with an electronic timing chip. The challenge is to decide what you think the quickest route will be between the control points, then to run your own way along that route using your map, as fast as you can. New-comers welcome—no experience necessary, so why not come along and give it a go! There will be courses for all ages and abilities at each race. See the club websites for more details.

Saturday 20th January	Halton	TVOC: www.tvoc.org.uk
