If you have a medical condition, please write it on a piece of paper and leave in a sealed envelope with the organiser; uncollected envelopes will be destroyed after the event.

**Start and finish times:** Starts are from 18:15 to 19:00. Course closes at 20:15. Help with control collection would be much appreciated.

**Map:** 1:7,500 A3 landscape overprinted with score values (first and in larger print) and control codes (second, in brackets and smaller print).

**Terrain:** A mixture of deciduous and pine forest plus open camping and parkland area with many paths and tracks. The area has suffered from Ash dieback and storm damage. The course has been planned to avoid the worse-affected areas but there are fallen trees on some paths (which are passable) and certain paths are impassable. These have been clearly marked on the map. The optimum route choice will most often be to utilize the path & track network versus trying to run direct.

**Format:** The course is a straight 60-minute score course using SIAC enabled SI controls with full sized O kites. 5 x 30 point controls, 10 x 20 point controls and 15 x 10 point controls

**Course and score information:** You have 60 minutes to go from the start to the finish via as many controls as possible. You gain points for each control visited but you lose 10 points per minute – or part minute late back. Points per control may vary from 10 to 50. Bonus points (10 per minute under the hour) are available but ONLY if you manage to visit every control.

**Facilities:** We hope to provide tea, coffee & biscuits. More substantial post-run refreshments can be found in the pubs & takeaways in Blandford. A Portaloo toilet will be provided

**Event Officials:** Organiser (Rob Mills), Ben Mills (Planner), Dick Keighley (Computing)

**Orienteering is an adventure sport.**

All **competitors take part at their own risk** and are responsible for their own safety.
